Chaos or Cosmos? (Classic Reprint)

By Edgar L Heermance

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Chaos or Cosmos? Is the world in which we live a chaos, a welter of blind forces and brutish passions? Or is it a cooperative enterprise, through which Man and God are slowly working out an order of justice and brotherhood? That is the question men are asking, with an importunity no previous age has known. We are coming to distrust Materialism. As a philosophy of life, it has been stifling moral and religious forces that are essential to progress. It offers no hope for the future. Selfishness spells exploitation and class struggle. The idea of the survival of the strong brought our generation to the World War and its terrible aftermath. We have been passing through a period of intellectual panic. Many current theories of the world have gone into bankruptcy. What is to take their place? The relation of man to the Universe must be approached today in the attitude of the scientist. For the modern mind, knowledge is not something fixed and final, but a series of approximations. Some men still take...

Reviews

This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).
